**RESPONSE TO OFFICE ACTION**

Sir:

This paper is herewith filed in response to the Examiner's Office Action mailed on August 11, 2005, for the above-captioned U.S. Patent Application. As such, no petition for an extension of time or fee is believed to be due, as this response is herewith filed within the shortened statutory period. However, should the undersigned attorney be mistaken, please consider this a petition for any extension of time that may be required to maintain the pendency of this Patent Application, and charge deposit account no.: 50-1924 for any required fee deficiency. Although a dependent claim has been added, it is believed that there is no extra claims fee due because the number of claims does not exceed twenty.

Please amend the application as shown below.
